CAMPBELL GETS LONG TERM TO WESTERN PENITENTIARY

Enters Plea of Guilty to Charge of Burglary Made Against Him

WAS ON PAROLE AT THE TIME

Emanuel Campbell of Newell, a young man with an alleged bad record, a parole of the Western Penitentiary, on a plea of guilty to a charge of burglary entered in the criminal court at Washington on Wednesday, was sentenced to pay the costs, a fine of \$1 and to undergo imprisonment in the Western Penitentiary for an indeterminate term of not more than ten years or less than eight years.

Campbell has yet two and one-half years to serve in that institution of a former sentence imposed in the Washington county court. He had served two years and a half of a five year sentence when paroled. He therefore has twelve and a half years of imprisonment facing him.

Campbell, with Peter Flood, the latter still in jail, was indicted for the burglary of a foreign boarding house at Cokeburg on the night of March 11 last. In the raid of that house several hundred dollars worth of stuff was taken. Campbell and Flood were arrested shortly after the commission of the crime. He has already served seven months in jail, having been arrested by the Charleroi police in connection with other crimes committed in the valley.

The police regard Campbell as a dangerous character and his plea of guilty convinced them that he was deserving of the penalty imposed.

MEN'S CLUB DISCUSS HIGH COST OF LIVING

The regular meeting of the Men's Club of the First Presbyterian church was held at the home of John Steffenbaugh on Tuesday evening. The leader of the discussion was Geo. D. Clark, who took for his topic the High Cost of Living, its causes, effects and what is the remedy? Following Mr. Clark's paper, the discussion became general and interesting. Everybody present was vitally interested and some startling facts were developed. Several of the men present were in a position to give facts and figures, and being experts in their line they were able to furnish information that was very instructive. There seemed to be a general opinion that the only way to beat old Mr. H. C. L. was to speed up production and save as much as possible. A substantial lunch was served at the close of the meeting and all present voted Mr. Steffenbaugh to be an excellent host. The next meeting will be held early in December.

"We are Americans," said John L. Lewis, acting President of the United Mine Workers of America. Let us all live up to his declaration.

ARREST STOCKDALE MAN ON SERIOUS CHARGE

Charged with bigamy and accused of another serious crime, George Sofranko was arrested at Stockdale on Wednesday and taken to Washington and arraigned before Justice Carmichael. He furnished bail for a hearing next Monday at 10:30 o'clock. Helena Sucs, with several aliases, was also arrested at the same time and will be given a hearing at the same time.

IS HONORED BY PRINCE OF WALES

A telegram from Washington City says that the Prince of Wales on Wednesday visited the Walter Reed hospital, where there are nearly 2,000 patients wounded in the war. The Prince met several men who fought in the same Division with him. To John M. Cooper, of Monongahela, who lost a leg in the war, he spoke for some moments, autographing his card.

Speaking from the steps of the hospital to the group of wounded men on the lawn he said: "It is a great pleasure to me to visit this great hospital and meet so many of my comrades in arms. I regret my stay is too short to meet many more of you personally. I am having a fine time on my visit to the United States and enjoying every minute immensely. May I wish you all a speedy recovery."

John H. Cooper, mentioned in the dispatch, is a son of Mr. and Mrs. Fred F. Cooper of Monongahela. He served in Co. A, 110th Infantry. He was wounded on the 15th of July, 1918, while the Company was advancing to take its place in the line. At that time four men from Monongahela were killed, and Jack Albright, who has since died, was wounded. John Cooper is known to many of the younger people of Charleroi.

NEWS PRINT IS BECOMING SCARCE

The white print situation has become so acute that according to Frank P. Glass, president of the American Newspaper Publishers' Association, newspaper advertising rates must be advanced and advertising space restricted to enable publishers to meet conditions caused by the present shortage. Glass declared that all papers are faced with a paper shortage and that some are confronted with a problem of finding paper for the coming year. The situation is caused, he said by exhaustion of stock through a nation-wide increased advertising volume.

Expect Miners to Return To Work on Monday Next

Coal operators are reported as being somewhat disappointed because miners failed to return to work Wednesday morning, following the orders to call off the strike, issued on Tuesday. This failure on the part of the men may be due to a large extent to a failure to receive from district headquarters the direct orders to return to work. Many of these notices would not go out until Wednesday morning, and then a meeting of the Locals is required to take action.

It is known that many of the Locals in this section of the valley called meetings for this afternoon, at which time the rescinding order will be presented and read, and action taken. It is not expected now that work will be resumed before Monday next, as the miners, even if they should resume Friday morning, would not be able to accomplish very much. For this reason a general resumption is anticipated throughout this and other districts on Monday next.

The delay of the miners in returning to work will delay the release of the coal seized by the government when the strike was first inaugurated. The necessities of utilities will be met from this supply until such time as the volume of production make it safe to release it.

Some of the smaller wagon mines may resume today, as the operators of these workings are anxious to get back to work and as the number of employees is small, no formal action is necessary with reference to the order calling off the strike.

All of the miners will watch developments at Washington, where a conference is to be held tomorrow, and which will have an important bearing on the future activities in the mining districts.

ALREADY APPLY FOR AUTO NUMBERS

More applications for automobile license numbers have already been filed at the State Highway Department than ever known at this season of the year at the automobile division. The blanks for the formal application are now in the hands of the printer and will be distributed shortly, but that has not prevented hundreds and hundreds of applications being made on ordinary letter heads.

Most of the applications filed ask for special numbers, the great majority of them wishing re-issue of numbers now held or such numbers as accord with residential numbers, post office box numbers, lodge numbers and even regimental numbers, the latter being a new one.

The Young Ladies' Circle of the First Presbyterian Church were entertained at the home of Mrs. Austin Stehman on Tuesday evening, at which time a very enjoyable evening was spent. Lunch was served by the Hostess.

Distressing Experience of George Turner in Maryland

George Turner, who conducts a barber shop in the basement of the Mail building, Fifth street, had a very distressing experience while on his way home to Charleroi last Saturday afternoon from Hagerstown, Md.

Mr. Turner left Charleroi on the 13th of October for his old home place, 22 miles south of Hagerstown, to assist his sister's family, who had their house destroyed by fire some time ago. After remaining there four weeks he started back home Saturday afternoon last expecting to reach here the same night. He was driving a Studebaker truck and when he arrived at a small town called Clear Spring eleven miles from Hagerstown, he was compelled to stop and fix a puncture. While thus engaged he was set upon by a Pittsburgh of the affair, who went to the southern city yesterday and accompanied Turner home last evening. He is still suffering from the bruises he received, and it will be several days before he fully recovers.

Turner had a man with him who was on the way to Pittsburgh to have an operation performed, this man being almost blind and unable to assist Turner against the offenders. He secured assistance from nearby farmers and friends of Turner were notified in Hagerstown, who came after him in a machine and took him back to that city. The following day these men returned and secured the machine and placed it in a garage at Hagerstown for the time being. Turner had 12 bushels of apples in the truck, which have been crated and which will be shipped to him here. When he reached Hagerstown he telegraphed his nephew in Pittsburgh of the affair, who went to the southern city yesterday and accompanied Turner home last evening. He is still suffering from the bruises he received, and it will be several days before he fully recovers.

NEW COUNTRY CLUB WILL BUY FARM ON THE NATIONAL PIKE

FROM CHICAGO TO PITTSBURG BY WATER

The port of Pittsburgh greeted a new arrival Wednesday night when the steamer Clyde arrived from Chicago, by way of the Ohio river. The steamer will return with a tow of four empty barges which were built at Tionesta, up the Allegheny for the Chicago trade. The Clyde will reach its new home port by way of the Ohio, Mississippi, and Illinois river and the Chicago drainage canal.

MR. LEITH RESIGNS FROM WEST PENN

George Leith, who has been the local superintendent of the West Penn Electric company for the past eleven years, has tendered his resignation to take effect on the first day of December. His successor will be George L. Bennett, of Sharpsburg, Pa. Mr. Bennett is now farm and it is the belief of the pro-Charleroi getting acquainted with the purchase will have been raised by November 20 the date set for the closing of the transaction.

Mr. Leith first engaged with the West Penn in 1906, and served one year at Monongahela, and one year at Donora. In 1908 he came to Charleroi and has been stationed here ever since. Under his management the local office has become one of the largest sub-stations in the valley, and the business has had a constant increase from year to year. He has several members of the club having been determined what line of business to follow. Every form of outdoor amusement from which to select those who do not "play golf" can find recreation in other pursuits. The club house will have bowling alleys and billiard tables and plans are being made for both outdoor and indoor swimming pools.

TWO THOUSAND DOLLARS (\$2,000.00) REWARD

This company offers a reward of one thousand dollars (\$1,000.00) for the arrest and conviction of the person or persons who set fire to a dwelling house on the property of this company, in Allen township, Washington county, Pennsylvania, at about 1 o'clock the night of November 7, 1919.

And also offers an additional reward of one thousand dollars (\$1,000.00) for the arrest and conviction of the person or persons who exploded a bomb under this same house during the night of November 10, 1919.

Pittsburg Steel Products Company. 136c2-

Located One Mile East of Beallsville and Well Located

TO COMPLETE DEAL NOV. 20

The recently organized Washington Country Club is rapidly completing its plans for taking over the Charles L. Morton farm of 264 acres located on both sides of the National pike a short distance from Beallsville, as a site for an 18-hole golf course. The plans of the organization include the erection of an up-to-date clubhouse, modernly equipped that will accommodate at least 500 members. The club membership includes residents of Washington, Canonsburg, Brownsville, California, Charleroi, Belle Vernon, Fredericktown, Marianna, Monessen, Uniontown, Donora, Monongahela, Centerville and Beallsville. Thirty thousand dollars has already been subscribed for the purchase of the farm and it is the belief of the promoters that the full amount for the purchase will have been raised by November 20 the date set for the closing of the transaction.

The Morton farm is located about one mile east of Beallsville and being crossed by the National pike year at Monongahela, and one year has a frontage of 4,244 feet on at Donora. In 1908 he came to Charleroi and has been stationed here ever since. Under his management the local office has become one of the largest sub-stations in the valley, and the business has had a constant increase from year to year. He has several members of the club having been determined what line of business to follow. Every form of outdoor amusement from which to select those who do not "play golf" can find recreation in other pursuits. The club house will have bowling alleys and billiard tables and plans are being made for both outdoor and indoor swimming pools.

It is planned to limit the membership of the club to 500 members, as it is thought a larger number would overtax the capacity of the club house and grounds.

It is planned to limit the membership of the club to 500 members, as it is thought a larger number would overtax the capacity of the club house and grounds.

REDS TAKEN IN RAIDS TO BE DEPORTED

If the evidence will warrant the Russian "Reds" taken in the raid at Monessen last Saturday night and Sunday morning will be deported. Word received from Washington says that all of these aliens who have been rounded up will be sent back to their native countries—just as soon as the department of justice can give them hearings. Arrangements have already been made to deport them, but the port to which they would be sent has not been made public.

COST OF NEWSPAPERS

An exchange from a near-by town which, along with other publications of a similar character had to raise its subscription prices recently has this to say of the cost of paper which enters into the publication of journals as well as the cost of delivery:

"Although everything else has advanced in price, there are a good many folks who cannot understand why the subscription prices of newspapers are advancing.

"A statement of the increased costs of producing a newspaper may prove interesting to our readers.

"When this publication was launched a few years ago it cost three-fourths of a cent for the white paper necessary to print six copies—a week's issue. It now costs 4 3/4 cents for the white paper required for the six copies.

"Five years ago it cost one cent to deliver six copies of the paper. Now it requires three cents to perform the same work. It cost 1.2 cents to collect for six copies of the paper. It costs 2.5 cents now.

"By a little addition it will be discovered that the white paper, delivery and collection costs for a week's issue of the paper amounted to 2.95 cents a few years ago, where as now those same costs amount to 10.25. In other words, whereas a subscription price of six cents a week in 1915 yielded a net of 3.05, a subscription of ten cents a week now yields a loss of 25 of a cent per subscriber.

"All papers have endeavored to keep the cost of papers as low as possible, but it was impossible to face a loss of 4.25 on each subscriber in order to deliver papers at six cents per week."

SCHOLASTICS WIN OVER BENTLEYVILLE

The Charleroi Scholastic met and defeated the strong Bentleyville eleven in a very interesting and exciting game on Tuesday afternoon. The first half was about even, with the exception that Bentleyville scored one touchdown by good line plunging. Charleroi came back in the second half, scoring in the third and fourth quarter. Carson and Snyder featured for Bentleyville, while the whole Charleroi team displayed good work. The line-up was as follows:

Bentleyville—6
Bernstein RE McKenna
Brown RT Burnett
Grubb RG Johns
Krupps C Williams
Wherry LG Gray
McNulty LT Underwood
Bruce LE Schmieler
Snyder Q Hill
Richardson RH Wagner
Bisco LE Glunt
Carson FB F. Brown
Swamp (Ced) C TAOH O

Summary—Touchdowns, Glunt, F. Brown, Richardson. Referee—Roach. Ellsworth; umpire, Johns, Bealls; head linesman, E. Snyder. Bentleyville. Time of quarters 10 and 12 minutes, alternating.

WILL NOT ADVERTISE FOOT BALL GAME

So great is the demand for tickets to the football game to be played at Morgantown on Thanksgiving day between the West Virginia University and Washington & Jefferson College teams that the management will not advertise the contest. From the requests already made it is believed that every available seat will be sold many days before the contest takes place, and that hundreds and possibly thousands will be unable to see the game. Extra sections to accommodate at least 2,500 people will be erected, but the management anticipates no trouble in disposing of the tickets.

Preferred Stocks

Preferred stocks of a number of successful well-managed public utilities are cheap at present prices. This is due principally to the effect of the War on public utilities and their earnings.

Present prices do not reflect the actual value of these stocks, and they will not remain at the present level indefinitely.

For instance, West Penn Railways Company preferred stock is now being sold at \$82.00 per share to yield 7.32 per cent on the investment.

PRINCE ALBERT

PUT it flush up to Prince Albert to produce more smoke
happiness than you ever before collected! P. A.'s built to
fit your smokeappetite like kids fit your hands! It has the
jimmidiest flavor and coolness and fragrance you ever ran
against!

Just what a whale of joy Prince Albert really is you want
to find out the double-quickst thing you do next. And, put
it down how you could smoke P. A. for hours without
tongue bite or parching. Our exclusive patented process
cuts out bite and parch.

Realize what it would mean to get set with a joy'us jimmy
pipe or the papers every once and a while. And, puff to
beat the cards! Without a comeback! Why, P. A. is so
good you feel like you'd just have to eat that fragrant smoke!
R. J. Reynolds Tobacco Company, Winston-Salem, N. C.
